

ADVANTAGES

- Heavy Duty Mesh Prevents typical airborne debris such as pollen, insects and litter from entering intakes and clogging AHU’s, coils, chillers, dry coolers and cooling towers.
- Debris can be simply brushed, vacuumed or hosed off; even the rain has a cleansing effect!
- Life Expectancy 10+ years

Application	Air Handling Units
	Coils
Frame	Chillers
	Dry Coolers
Media	Cooling Towers
Max Temperature (°C)	Plastic
Max Temperature °C (Peak)	Synthetic
Installation Options	130
	130
	Fast-fix PVC Track Mount System, complete with quick-release, quarter-turn Twistlock fasteners
	Quick-release, quarter-turn Twistlock fasteners screwed directly to the equipment
	No-screw Peel & Stick Twistlock fastener featuring ultra-high strength, fast-curing 3M structural adhesive backing for permanent bond
	Magna-Track Magnetic Track Mount System
